

INTRODUCING

MORIKAMI MAKES

COOKING

DIY

ARTS & CRAFTS

The Japanese franchise of Pokémon has been around for 20 years, and recently entered a whole new world of augmented reality with the release of the Pokémon GO app. With 15 Pokéstops and 2 gyms on-site, Morikami is a hotspot for budding trainers, and thanks to this, we've welcomed hundreds to our membership. Here's to a new generation of Morikami membership – thanks, Pokémon! **For the uninitiated, let us introduce Pikachu, the star of the Pokémon universe with this fun "Morikami Makes" origami activity...**

DIRECTIONS

- 1 Fold paper in half up both ways and diagonal both ways (open up square – these creases will act as guidelines for folding)
- 2 Turn square over with Pikachu side facing down
- 3 Fold inwards along diagonal shown in step 2 to create a triangle
- 4 With Pikachu's nose and mouth side up, fold the two sides upwards to meet the top of the triangle (turn over and repeat)
- 5 Fold side flaps inwards to center line (turn over and repeat)
- 6 Fold outermost top flaps down and insert tightly into pockets (turn over)
- 7 Fold outermost top flaps down and out to create the ears
- 8 Pick up origami and blow through the little hole on the bottom until your Pikachu puffs up
- 9 Enjoy your new Pikachu friend!
PIKA PIKA!
